

Energy Audits Offered To Northern Illinois Synod Churches

On February 28, 2009 twenty two people received training on how to do Energy Audits. These twenty two people are from eight different conferences in the Synod. They are available to do Energy Audits for your Congregations. You can contact George Davis Facilities Director of Lutheran Outdoor Ministries Center 815-732-2220 or geodavis2@verizon.net and I will be able to get you an Auditor to visit your Congregation. At this time there is no charge for this service. This program was put together with the Illinois EPA and the Northern Illinois Synod. Please take advantage of this program.

Thank you
